

NOTICE TO RESIDENTS/BUSINESSES

Survey activities are currently underway on **S. Howard Avenue, between Bayshore Boulevard and W. Swann Avenue**, as part of the South Howard Flood Relief project design. **Survey activities will also extend onto adjacent side streets along the primary survey route.** Motorists, bicyclists, and pedestrians should remain mindful of work crews, vehicles, and equipment, and be prepared for single-lane closures and traffic shifts, which may be required to accommodate this work. These activities will take place **Monday through Friday, between the hours of 7 a.m. and 7 p.m.** and are expected to continue **through mid-September 2025**, weather permitting. *(Please refer to the Work Location Map below for primary survey work location and adjacent areas.)*

WHAT TO EXPECT

- Activities will take place within and adjacent to public right-of-way areas, with minimal disruption.
- Mail, utility, and solid waste services **WILL NOT** be impacted.
- Access to homes and businesses **WILL NOT** be impacted.
- Field technicians, vehicles, and equipment will be present in active survey areas.
- Possible intermittent/temporary lane closures and traffic shifts to accommodate survey activities in some areas.
